Experience

Ebenus Design Solutions Private Limited - (3 years 10 months)

1. Project Manager

April 2023 – Present (1 year 5 months)

- Managed more than 1000+ projects, ensuring on-time delivery and adherence to quality.
- Led a team of 65+ engineers and designers, improving project efficiency.
- Implemented Agile methodologies, reducing project delivery time.
- Coordinated with cross-functional teams to enhance resource allocation, reduction in resource waste.

2. Team Lead

September 2022 – April 2023 (8 months)

- Spearheaded the successful completion of infrastructure projects, meeting 100% of client deadlines.
- Developed team members through mentoring, resulting in improvement of productivity.
- Streamlined communication processes across teams, reducing project bottlenecks.

3. Quality Assurance

January 2022 – August 2022 (8 months)

- Enhanced quality assurance protocols, leading to a 20% reduction in project errors.
- Conducted regular audits and ensured compliance with industry standards, achieving client satisfaction.
- Automated key QA processes, improving efficiency.

4. Associate Design Engineer

October 2020 – December 2021 (1 year 3 months)

- Designed structural drawings, contributing to projects.
- Collaborated with senior engineers on complex design tasks, gaining expertise in advanced design software.

Pheonix Infra

5. Project Engineer

February 2019 – October 2020 (1 year 9 months)

- Led on-site inspections and managed drawing execution for 20+ projects, ensuring compliance with design specifications.
- Oversaw the planning and distribution of work among 50+ subcontractors, maintaining project timelines.
- Prepared cost estimates and managed project budgets, reducing overspending by 12%.

Education

M.S. Ramaiah University of Applied Sciences, Bangalore

Bachelor's degree in civil engineering

2015 – 2018

Skills

1. Project Management: Agile Project Management, Resource Allocation, Timeline Management.
2. Design & Engineering: Structural Drawing, Cost Estimation, Site Inspection.
3. Quality Assurance: QA Protocols, Compliance Audits, Error Reduction.
4. Technical Proficiency: Advanced design software (e.g., AutoCAD), Project Management Tools (e.g., MS Project).
5. Leadership: Team Mentoring, Cross-Functional Team Coordination, Process Optimization.
